

ENDURA MONO MAXI

STRONG & VERSATILE

It is the sturdiest injector of the Endura line with a **non-expandable workstation** fully controllable from a touch screen. Able to produce **large parts** with the help of **only one operator**.

The MONO MAXI ENDURA injector combines an aggressive design with an essential line, which characterizes and enhances its **strength and sturdiness**, resulting in a machine with a slender line with one workstation.

The electronics reduced to a minimum, **an interface with industrial touch screen**, easy maintenance and powder-coated aluminum and stainless-steel surfaces make this injector particularly reliable and **suitable even for the most difficult environments**.

It is equipped with a transparent melting tank with a constant vacuum system, a vacuum switch to check the vacuum in the mold, an RFID reader, **a 120-cmc injection syringe** with final temperature regulation and a self-centering clamp with **250x155mm plates**.

SPECIFICHE TECNICHE

Moulds Min 50x30x12 mm Max 250x155x80 mm	Machine 52 kg 60x36x53 cm	Box 83 kg 123x50x70 cm

OPTIONAL COMPATIBILI

Maxi Clamps 185x155 cm 330x180 cm	Touch Screen 7"

CARATTERISTICHE & COMPONENTI

- PURE ITALIAN TECHNOLOGY
- 3 YEAR WARRANTY
- HIGH PRODUCTION
- CUSTOMIZABLE MODELS
- INTERCHANGEABLE CLAMPS
- DIFFERENT SIZE OF MOULDS
- MAXI CLAMPS
- RFID MICROCHIPS
- COLOR TOUCH SCREEN
- ANALOG VACUUM SWITCH
- ENDURANCE
