

## MONO VISION TOUCH

### INNOVATIVE & RELIABLE

A small and compact injector with **one workstation**, fully controllable from a 7" colourful touchscreen. It is able to produce around **2,000 small and medium-sized pieces** per day with the help of **only one operator**.

#### TECHNICAL SPECIFICATIONS

Moulds  
Min 50x30x12 mm  
Max 130x120x47 mm

Machine  
40 kg  
68x38x53 cm

Box  
69 kg  
83x50x70 cm

MONO VISION TOUCH combines all the distinctive features of the RiaceWax injector with an innovative "open frame" self-centering clamp, which guarantees handiness, load speed, and a perfect clamp hug homogeneity.

Essential electronics and a **7" touchscreen interface** allow a total control of the injection process. The powder-coated stainless steel and aluminum surfaces ensure an easy maintenance and make the injector **reliable and suitable even for the most difficult reality**.

It is equipped with a transparent melting tank with a constant vacuum system, digital sensors to monitor pressures and performance while injecting with the graphic shown on the display, an RFID reader, the Volcano injection group of **16 cmc** with temperature adjustment, and a transverse self-centering clamp with **130x120mm** plates.

#### COMPATIBLE ACCESSORIES

IPC 10"

Syringe 32 cmc

#### CHARACTERISTICS AND COMPONENTS

PURE ITALIAN TECHNOLOGY
